

## 100% RENEWABLE ELECTRICITY.

Our supplied electricity is all 100% renewable.  
We only supply electricity from renewable sources such as wind, solar and hydro offset through Generation of Origin certificates, which are approved and backed by Ofgem.

## DIRECT DEBIT DISCOUNT.

We offer a Direct Debit discount in our prices as standard, contact your Account Manager for alternative payment methods before agreeing a contract. If your contract was agreed with a Direct Debit discount and we cannot collect via Direct Debit, charges are incurred.

## What People Say...

*I have had the pleasure of dealing with YGP for a couple of years now, the staff are very knowledgeable, helpful and efficient. Would highly recommend.*

*Trevor Kelly*

## HOW OUR INVOICES WORK.

YGP currently only offer a monthly billing service. Your first bill will be raised on the date of your supply going live with us,  
Your payment due date will be stated on your bill. Our standard payment terms are 10 days from the bill date.

## What People Say...

*Very smooth process to transfer our energy supply. I would recommend YGP.*

*Kenryk Issac*

## THE ADVANCED ENERGY COST.

YGP bill customers monthly and in advance using an advanced cost estimate. This advanced cost estimate is calculated based on your estimated annual energy consumption and contract prices agreed to by you on your contract with YGP.

## ACTUAL AND ESTIMATED READS.

Where an actual read is submitted before your bill date, this is reflected in your bills. Otherwise, an estimate will be used. If you see an estimated read on your bill, please contact us to provide your latest read.

## What People Say...

*Super-Fast and Knowledgeable!*

*Todd Morris*
